¶98.11 COMMITTEE TO SIT

On motion of Mr. CONYERS, by unanimous consent, the Committee on Government Operations was granted permission to sit during the 5-minute rule today.

¶98.12 JEFFERSON NATIONAL EXPANSION MEMORIAL

On motion of Mr. VENTO, by unanimous consent, the bill (H.R. 2926) to amend the Act of May 17, 1954, relating to the Jefferson National Expansion Memorial to authorize increased funding for the East Saint Louis portion of the Memorial, and for other purposes; together with the following amendment of the Senate thereto, was taken from the Speaker's table:

Page 3, strike out lines 1 to 18 and insert: "(b)(1) For the purposes of the East St. Louis portion of the memorial, there are authorized to be appropriated \$2,000,000 for land acquisition and, subject to the provisions of paragraphs (2) and (3), such sums as may be necessary for development: *Provided*, That such authorization shall not include any sums for the acquisition, removal, or relocation of the grain elevator and business located within the East St. Louis unit of the Memorial. Such development shall be consistent with the level of development described in phase one of the draft Development and Management Plan and Environmental Assessment, East St. Louis Addition to Jefferson National Expansion Memorial—Illinois/Missouri, dated August 1987.

"(2) Federal funds expended under paragraph (1) for development may not exceed 75 percent of the actual cost of such development. The remaining share of such costs shall be provided from non-Federal funds, services, or materials, or a combination thereof, fairly valued as determined by the Secretary. Any non-Federal expenditures for the acquisition, removal, or relocation of the grain elevator and business shall be included as part of the non-Federal cost share: *Provided*, That credit shall not be given for any such expenditures which exceed the cost of acquisition, removal, or relocation of the grain elevator and business located within the East St. Louis unit of the Memorial if such action had been accomplished by the Federal Government as determined by the Secretary under existing law: *Provided further*, That only those non-Federal funds expended at least sixty days after the transmission of the report referred to in paragraph (3) for the removal of such grain elevator shall be credited towards the non-Federal cost share. For the purpose of this paragraph, the Secretary may accept and utilize for such purposes any non-Federal funds, services, and materials so contributed.

"(3) With one year after the date of enactment of this paragraph, the Secretary, in direct consultation with the city of East St. Louis, Gateway Arch Park Expansion, and the Southwestern Illinois Development Authority, shall develop and transmit to the Committee on Energy and Natural Resources of the United States Senate and the Committee on Interior and Insular Affairs of the United States House of Representatives a study of alternatives to, and costs associated with, the removal of the grain elevator located within the East St. Louis unit of the Memorial. The study shall contain, but need not be limited to, at least one alternative which would incorporate and retain the existing grain elevator into the draft development and management plan and environmental assessment referred to in paragraph (1)."

So the bill was passed.

A motion to reconsider the vote whereby said bill was passed was, by unanimous consent, laid on the table.

Ordered, That the Clerk request the concurrence of the Senate therein.
